Creating a cloud trail for management activities

Steps to be followed for creation:

1)open aws and search for cloud trial

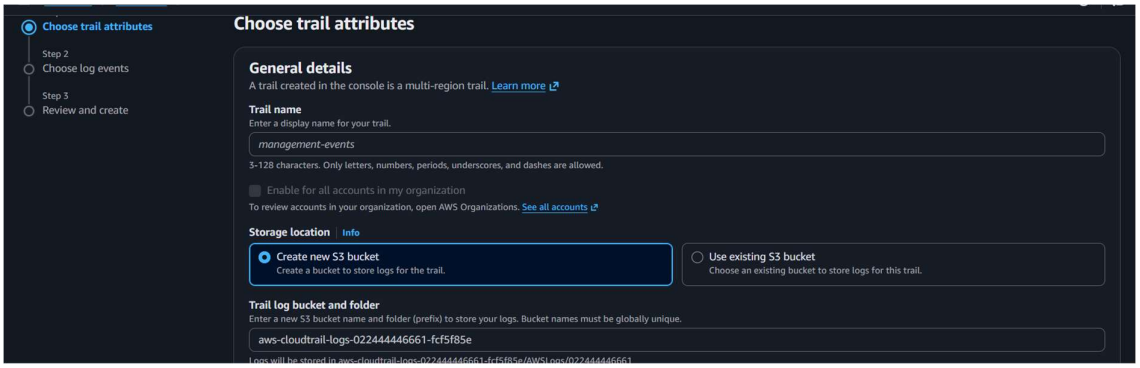

2)Select create Trial and give the Name for the Trail

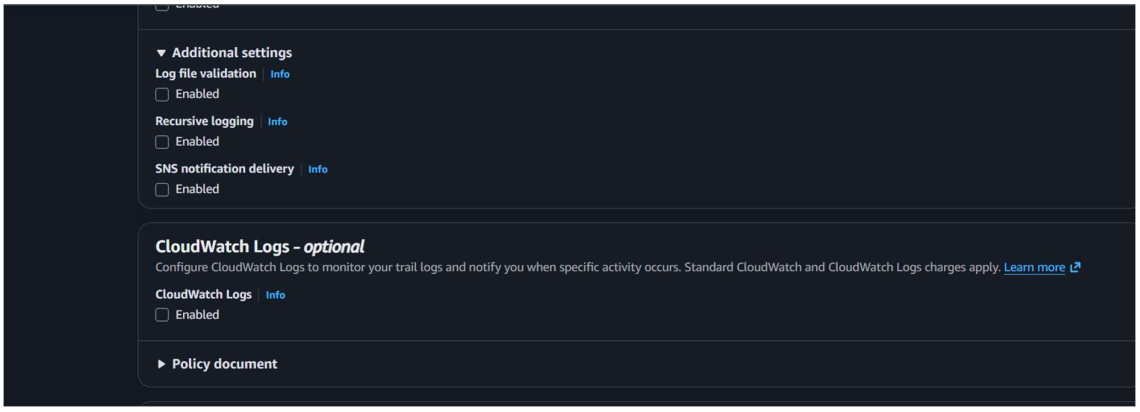

3)Select the storage location

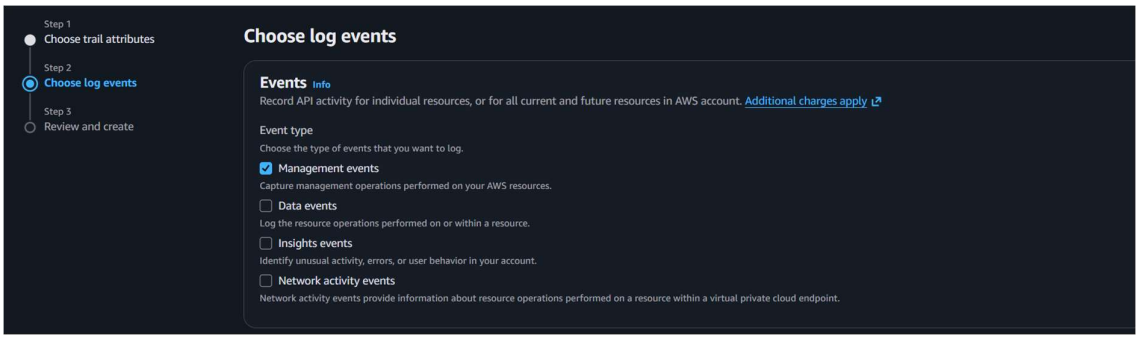

4)Make sure of disabling all the default options if your account is free

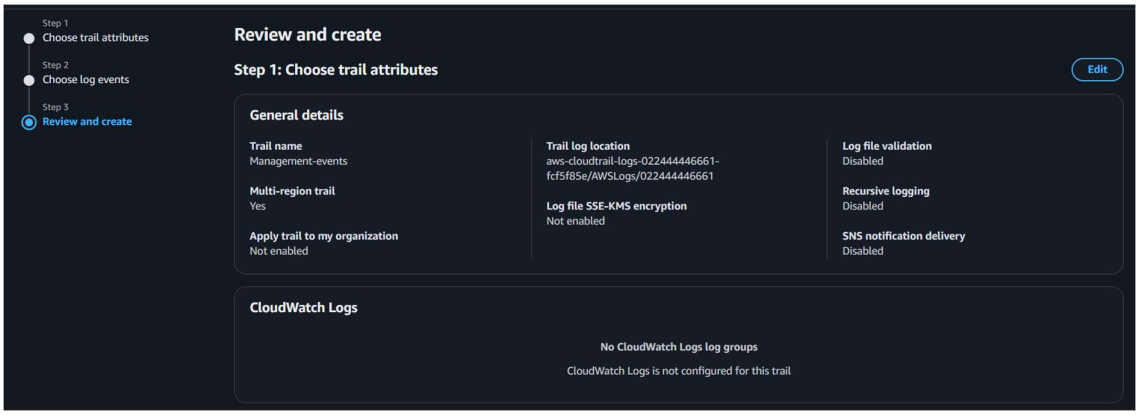

5)Click Next and Create trail

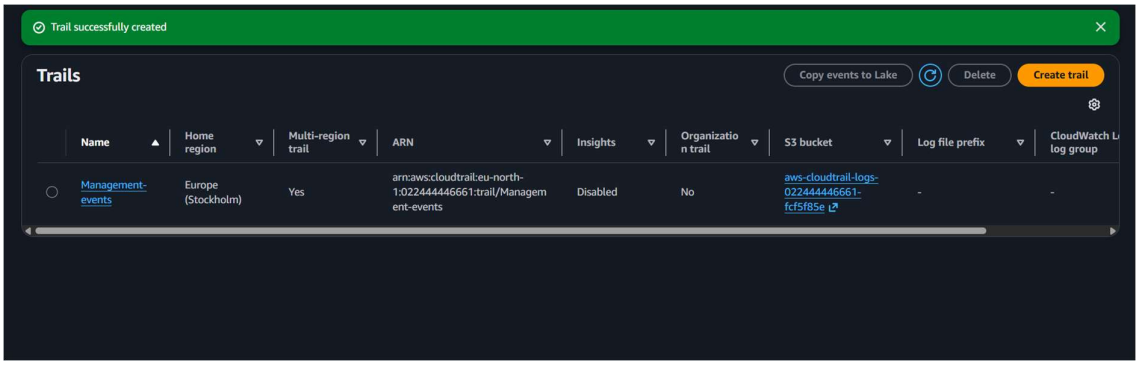

6)check whether the trail is created or Not

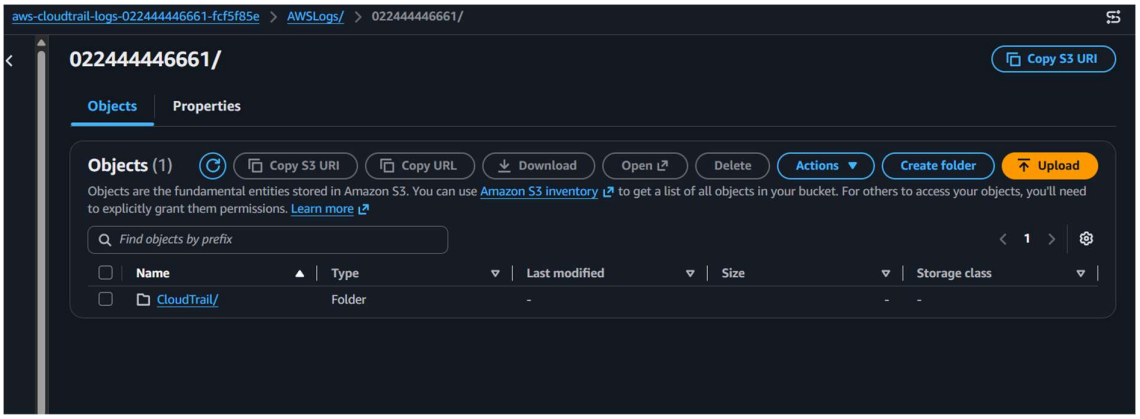

Step 1
Choose trail attributes
Step 2
Choose log events
Step 3
Review and create
